

MOXIE L-EP

PRODUCT DESCRIPTION:

MOXIE L-EP is a versatile extreme pressure grease formulated with a lithium 12-hydroxystearate soap thickener and premium mineral base oils. Enhanced with antioxidants, rust and corrosion inhibitors, as well as extreme pressure and anti-wear additives, this grease provides excellent mechanical stability, load-carrying capacity, and superior protection against wear and corrosion.

APPLICATIONS

The consistency of NLGI 0, 1 greases makes them suitable for use in the centralized lubrication system. These greases are recommended for steel mill lubrication and heavy duty plain and rolling element bearings and gearboxes requiring a semi-fluid grease, heavy duty, industrial applications where high unit pressures or shock loads are present. MOXIE L-EP is also suitable for commercial vehicle and construction equipment applications such as chassis joints and pin bushing lubrication. NLGI 3 grade is recommended for inclined and vertical shafts applications even under severe vibrations.

PRODUCT ADVANTAGES

- The operating temperature range is from -25°C to 130 °C.
- Excellent mechanical stability
- Easy to pump at low temperatures
- Excellent resistance against water
- Very good anti-wear protection
- Very good rust and corrosion protection

TYPICAL PROPERTIES:

PARAMETERS	TEST METHODS	TYPICAL VALUE											
NLGI Grade	-	000	00	0	1	2	3						
Thickener Type	-			Lithium									
Appearance	Visual			Smooth & Homogenous									
Color	Visual			Yellow to Brown									
Work Penetration @25°C	ASTM D217	445 - 475	400-430	355-385	310-340	265-295	220-250						
Copper Strip Corrosion, 24hrs @100°C	ASTM D4048	1b max.	1b max.	1b max.	1b max.	1b max.	1b max.	1b max.					
Dropping Point °C, Min	ASTM D2265	N/A	N/A	N/A	190	190	190						
Water Washout Resistance %Wt. @79°C	ASTM D1264	N/A	N/A	N/A	Max 10								
Four Ball Weld Load, Kgf, Min	ASTM D2596			200									
Operating Temperature Range, °C	INTERNAL			-25 to 130									
Base Oil Viscosity @40°C (Cst)	ASTM D445			90 -110									

DISCLAIMER: The test data presented above is indicative and not a strict specification, as it may vary within acceptable production tolerances. Internol reserves the right to update or modify this test data. For the most accurate and current information, please refer to the latest version of this Technical Data Sheet (TDS).

HEALTH & SAFETY, ENVIRONMENT:

Continuous or repeated exposure to oil may lead to skin problems. Avoid contact with the oil. In case of contact, wash thoroughly with soap and water. Do not dispose of used oil in drains or the environment. Dispose of it at an authorized used oil collection point. For additional safety information, please refer to the MSDS available on our website at www.internol.net.

PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.
